A field guide to attention

The most useful notes begin with a moment of attention.

Read slowly. Keep the passages that change how you see a problem.

A highlight is a way of returning to an idea.

A margin is a place to think.

Select this text and add a note. Your original file stays unchanged.

Notes from the field - 2

The most useful notes begin with a moment of attention.

Read slowly. Keep the passages that change how you see a problem.

A highlight is a way of returning to an idea.
